With or Cpons.*

For land or water. Even dad will wish he was a boy again, for this big model, designed like an ocean liner and built like the old "side-wheeler" will meet more than every expectation. So simply made that smallest child can make it go. Pull out the spring rod and let go, then watch how it cuts swiftly through the water — trim as a liner and as thrilling as the old side-wheeler. Of steel, beautifully finished in bright, snappy colors.

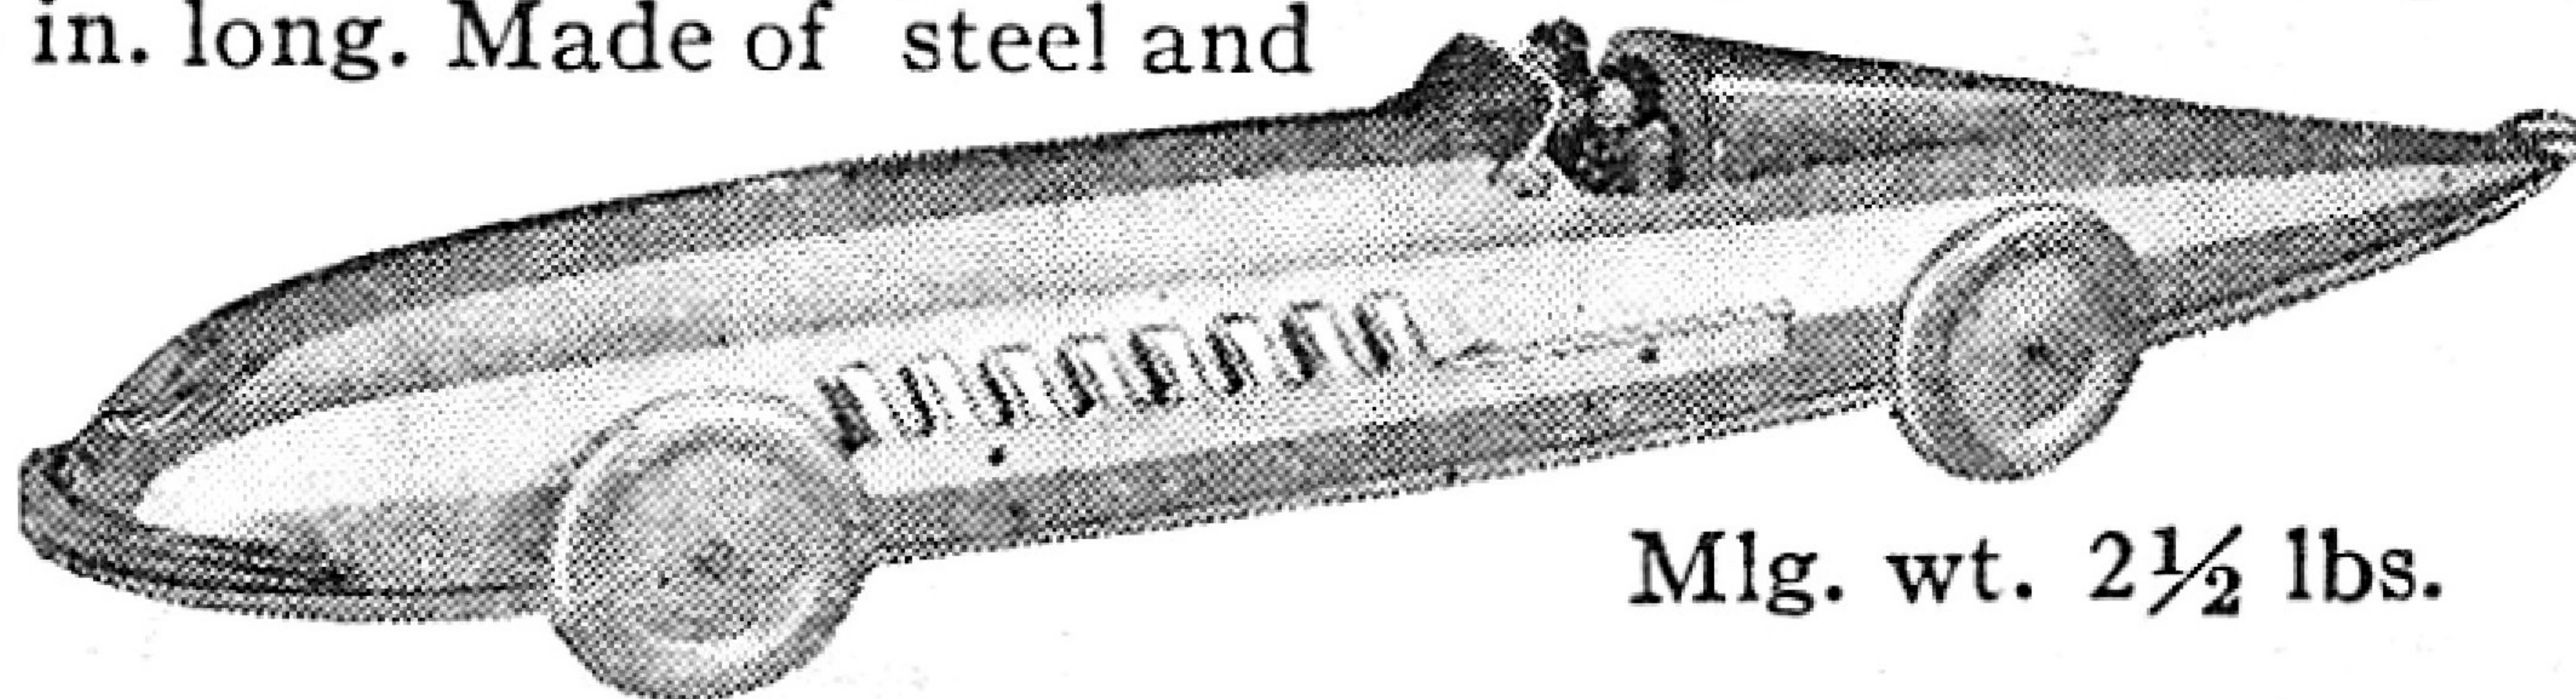

Mfg. wt. $2\frac{3}{4}$ lbs.

in bright, snappy colors.

Silver Bullet Racer

Travels like a comet. Here it comes! There it goes! Can that Silver Bullet go? Watch it! To operate, pull out spring rod and "let'er go". The Silver Bullet is designed and stream-lined just like record-breaking racers, and comes equipped with a regular windshield, rubber bumper, exhaust pipes, etc. 25 in. long. Made of steel and finished in silver aluminum.

Washette

A real washer that really works, complete with wringer with rubber rolls that actually wrings. Think of the fun that youngsters can have helping mother with the washing. Can be used to do handkerchiefs, children's socks and tiny pieces, and will often fill a real need in providing the means for quickly washing out a few small articles. Washer made of steel and finished in rich lavender-pink with children's figures in gay colors. Operated by a plunger vacuum-disc which is worked up and down. Drain hose makes emptying easy.

Height, $11\frac{1}{2}$ in.; diameter, $6\frac{1}{4}$ in. Complete with clothes basket, 8 x 6 x 3 in., clothes drier, and 12 clothes pins in bag.
